

ABOUT COOLMINE TC

At Coolmine Therapeutic Community (TC) we provide a range of quality community, day and residential addiction treatment services for the marginalised in Irish society. Our vision is that everyone should have the opportunity to overcome addiction and to lead a fulfilled and productive life.

Established in 1973 as the first drug and alcohol treatment centre in Ireland, we witnessed the serious impact intergenerational drug and alcohol use has created for family life and on communities. In 2021 we provided over 9,000+ support contacts through a range of quality community and residential services to empower men and women and their families overcome addiction and support long term recovery.

Coolmine provides a range of quality services nationally in Dublin, the Midwest and Southwest of Ireland, including the only residential mother and child service in Ireland. We facilitate recovery by providing a self-help approach in our quality community, day and residential services. Peers and staff act as facilitators of change, with abstinence and a pathway forward serving as the ultimate treatment goal. Furthermore, we are committed to assisting them to improve their quality of life, enhance family and interpersonal relationships, progression of health, housing, educational, training and employment need.

“

Coolmine opened up a whole new way of thinking for me, a whole new way of how I can live my life drug and crime free. I have a simple life. Be grateful for your health. Be grateful for what you have, not what you haven't got in life.
